M. Wollschlaeger, U. Magdeburg, Germany
R. Zurawski, JSISA, Concord, USA

WIP Co-Chairmen
L. Almeida, Univ. Aveiro, Portugal
T. Sauter, TU Wien, Austria

Industry Liaison Co-Chairmen
J. Fonseca, Univ. Aveiro, Portugal
E. Tovar, ISEP-IPP, Portugal

Organizing Committee
Luis Ferreira, ISEP-IPP, Portugal
Miguel Pinho, ISEP-IPP, Portugal
Filipe Pacheco, ISEP-IPP, Portugal
Mário Alves, ISEP-IPP, Portugal

Real-time issues in factory communications: message scheduling, distributed application support;

Dependability issues in factory communications: safety, security, availability and reliability;

Formal description techniques for verification, validation and test of factory communication systems;

Integration of emerging information technologies with factory communication systems.
